Congress Social Events:
- Opening Ceremony and Reception – Sunday
- Exhibitor Reception – Monday
- Congress Banquet – Tuesday
- Closing Ceremony and next Congress Reception

Other Technical Events:
- Workshops
- Short Courses

Accompanying Persons Opportunities:
- Half-day city tours
- Outings to Muir Woods & Sausalito
- Alcatraz Island Tour
- Fisherman's Wharf & Golden Gate Bridge
- Golden Gate Park Museums and Gardens
- San Francisco Bay cruise
- Napa/Sonoma wine country tour

Organized by:
The Institute of Noise Control Engineering/USA
and
Korean Society of Noise & Vibration Engineering (KSNVE)
joint meeting with
ASME Noise Control and Acoustic Division
and
ADC 40 Noise & Vibration Committee of the Transportation Research Board

InterNoise 2015
9-12 August 2015
San Francisco, California USA
Implementing Noise Control Technology
44th Inter-Noise Congress & Exposition on Noise Control Engineering
Congress Organization

Co-Presidents:
INCE/USA: Paul Donavan
pdonavan@illingworthrodkin.com
KSNVE: Yang-Hann Kim
yanghannkim@kaist.ac.kr

Technical Program Co-Chairs:
INCE/USA: Courtney Burroughs
ncej@inceuse.org
KSNVE: Yeonjune Kang
yeonjune@snu.ac.kr

Exposition Manager:
Rich Peppin
peppinr@asme.org

Important Final Dates:
Abstracts - 30 March 2015
Papers - 11 May 2015

Registration Information:
Before 11 May 2015 - 685 USD
After 11 May - 750 USD
Students - 150 USD
Accompanying Persons - 150 USD
at internoise2015.com

About San Francisco
San Francisco is often called “Everybody's Favorite City,” a title earned by its scenic beauty, cultural attractions, diverse communities, and world-class cuisine. This very walk-able city is dotted with landmarks like the Golden Gate Bridge, cable cars, Alcatraz and the largest Chinatown in the United States. A stroll of the City’s streets can lead to Union Square, the Italian-flavored North Beach, Fisherman’s Wharf, the Castro, Japantown and the Mission District. The City is home to world-class theatre, opera, symphony and ballet companies and often boasts premieres of Broadway-bound plays and culture-changing performing arts. San Francisco is one of America’s greatest dining cities.

VENUE

San Francisco Marriott Marquis:
• Downtown San Francisco near Union Square
• BART/Subway service to and from SFO & Oakland Airports
• 1499 sleeping rooms, all non-smoking
• 4 restaurants & Starbucks on-site

Nearby within easy walking distance:
• 64 restaurants with 10 cuisines
• Union Square & shopping
• Chinatown
• Cable cars
• Street cars and bus lines
• Alternative hotels

Easy access by public transportation:
• The Ferry Building & Fisherman's Wharf
• San Francisco Giants Baseball
• Alcatraz Island
• Golden Gate Park & Golden Gate Bridge

Technical Session on the Theme of Implementing Noise Control Technology in:
• Transportation
• Appliances and Tools
• Housing
• Industry
• Policy

Other Technology Areas:
• Active noise control
• Passive noise control – including products, e.g. absorbing materials
• Aircraft/airport noise
• Noise in buildings and methods for control
• Surface vehicle – railway, highway and ships
• Consumer products, including IT
• Community, industrial and environmental noise, including soundscapes
• Measurements
• Vibration and structural acoustics
• Effects of noise – P&P and health
• Noise and education
• Tire/Pavement Noise
• Modeling – analytic and numeric
• Noise propagation and barriers
• Occupational noise and hearing conservation
• Flow noise - including fans
